Upcoming Opportunities – A&M System

**TEXAS A&M ENGINEERING
EXPERIMENT STATION**

(Bryan, Texas)

**Hypersonic Wind Tunnel (CSP)
\$10,000,000**

The Arkitex Studio

Soheil Hamideh

shamideh@arkitex.com

Bidding: September 2024

This new facility will provide TEES with large-scale test and evaluation capabilities currently only available to the military and private industry and provide two wind tunnel set-ups to facilitate institutional and client-based research.

AACC \$7,800,000.

Upcoming Opportunities – A&M System

TEXAS A&M
UNIVERSITY.

(College Station, Texas)

C.U.P. Generator Replacement (CSP)
\$26,500,000

Stanley Consultants

Jesse Cabrera

cabrerajesse@stanleygroup.com

Bidding: September 2024

This project includes the replacement/upgrade of the existing 5 MW Steam Turbine Generator 4 (STG-4) along with its auxiliary equipment and balance of plant modifications, including a new surface condenser. AACC \$20,840,000.

Upcoming Opportunities – A&M System

(Bryan, Texas)

RELLIS Training Props
\$25,300,000

Bartlett Cocke General Contractors
Jackson Bailey
jbailey@bartlettcocke.com

Bidding: Q3 2024

This project involves moving select training props from one area of campus to a newly acquired area on campus and creating additional training support infrastructure in the new location.

AACC \$21,154,255.

Upcoming Opportunities – A&M System

TEXAS A&M UNIVERSITY
HEALTH

(Dallas, Texas)

School of Dentistry Main Building Renovation
\$22,400,000

Manhattan Construction Company

Greg McClure, 214-357-7400

gmcclure@manhattanconstruction.com

Bidding: Q3 2024

AACC \$8,209,161.

Upcoming Opportunities – A&M System

TEXAS A&M UNIVERSITY
SAN ANTONIO

(San Antonio, Texas)

Educare Building
\$21,690,000

Flintco

Juan Aragonés, 210-942-2429

Juan.aragonés@flintco.com

Bidding: Q4 2024

This new facility will be located on the north side of the campus and is intended to serve about 200 children, including infants, toddlers, preschool, and kindergarten. It will also serve as a “lab school” for the College of Education & Human Development university students, and will be a single-story structure, approximately 24,000 GSF.

Upcoming Opportunities – A&M System

(Stephenville, Texas)

Lillian Street Dorm
\$120,000,000

Bidding: TBD

This new facility will provide an attractive housing alternative for incoming and current students and develop an existing parking area.
AACC \$85,000,000.

Upcoming Opportunities – A&M System

TAMUC

(Commerce, Texas)

Morris Recreation Center
\$17,500,000

Hoar Construction
MC Mercer, 713-244-2249
mcmercercer@hoar.com

Bidding: Q4 2024/Q1 2025

This facility will contain the addition of approximately 13,500 SF and the renovation of approximately 16,200 and will consist of additional fitness equipment space, group exercise space, and outdoor adventure area, a new entrance, a modernized locker room, a new food preparation space, and an expanded office suite.
AACC \$14,000,000.

Upcoming Opportunities – A&M System

TAMUC

(Commerce, Texas)

New Event Center
\$58,000,000

Hoar Construction
MC Mercer, 713-244-2249
mcmercerc@hoar.com

Bidding: Q4 2024/Q1 2025

This facility will be a new 64,000 SF large-volume, two-level complex to be used for men's and women's basketball, volleyball, and special events.
AACC \$43,500,000.

Upcoming Opportunities – A&M System

**PRAIRIE VIEW
A&M UNIVERSITY**

(Prairie View, Texas)

Teaching and Academic Student Support Services Facility
\$44,922,833

J.T. Vaughn Construction
Robert Gentry, 979-599-9094
rgentry@vaughnconstruction.com

Bidding: Q1 2025

This project will provide a community hub that puts student success at a central and strategic location on campus, representing the future of student services and will consolidate existing services currently spread across campus. AACC \$33,750,000.

Upcoming Opportunities – A&M System

TEXAS A&M
UNIVERSITY.

(Houston, Texas)

Space Collaboration Facility
\$200,000,000

J.T. Vaughn Construction

Bidding: Q1 2025

This facility will allow scientists and other personnel to support mission training, aeronautics research, advanced robotics, and work on lunar and Martian exploration.
AACC \$153,915,000.

Upcoming Opportunities – A&M System
