**REGULAR MEETING
BOARD OF REGENTS, THE TEXAS A&M UNIVERSITY SYSTEM**

April 19, 2018

CONVENE

Chairman Charles W. Schwartz convened a regular meeting of the Board of Regents of The Texas A&M University System at 9:00 a.m., Thursday, April 19, 2018, in the Willie A. Tempton Sr. Memorial Student Center, Ballroom A&B, on the campus of Prairie View A&M University (PVAMU), Prairie View, Texas. The following members of the Board were present:

Mr. Charles W. Schwartz, Chairman
Ms. Elaine Mendoza, Vice Chairman
Mr. Phil Adams
Mr. Robert L. Albritton
Mr. Anthony G. Buzbee
Mr. Morris E. Foster
Mr. Tim Leach
Mr. Clifton L. Thomas, Jr.
Mr. Stephen Shuchart, Student Regent

The following member of the Board was not present:

Mr. Bill Mahomes

RECESS TO EXECUTIVE SESSION

Chairman Schwartz announced that the Board would recess to executive session as permitted by Chapter 551, Sections 71, 72, 73, 74 and 76 of the Texas Government Code. He said in accordance with the law, no final action, decision or vote with regard to any matter considered in executive session would be made or taken.

(Note: The Board met in executive session from 9:01 a.m. until 12:26 p.m.)

RECONVENE

At 1:31 p.m., Chairman Schwartz reconvened the meeting in open session in Ballroom A&B of the Willie A. Tempton Sr. Memorial Student Center, with a quorum present.

Chairman Schwartz expressed the Board’s condolences to Regent Mahomes and his family on the recent death of his mother, Mrs. August Mahomes, whose burial was scheduled for Sunday, April 22, in Lindale, Texas. He also remarked on the passing of Mrs. Barbara Bush, wife of George H. W. Bush, 41st President of the United States. He said that she was one of two women in American history both married to a president and the mother of a president. He said the only other woman in American history to share that accolade was Abigail Adams, who did not live to see her son, John Quincy Adams, become president. Chairman Schwartz advised that Mrs. Bush stood alone in that part of American history. He said they were touched by Mrs. Bush’s service to the nation, Texas, to the A&M System and to Texas A&M University. He added that funeral services would be held on Saturday, April 21, in Houston, Texas, followed by internment on the campus of Texas A&M. He emphasized that they had all been touched by Mrs. Bush’s life; a life well lived. He said they were honored to have been a small part of Mrs. Bush’s remarkable American experience.

INVOCATION

Chairman Schwartz called on Mr. Ervin Bryant, a PVAMU junior from Spring, Texas, and a member of the White House Initiative for Historically Black Colleges and Universities (HBCU) All-Stars, who presented the invocation.

CHAIRMAN’S REMARKS

Chairman Schwartz welcomed everyone to the April meeting of the Board of Regents. He said they were pleased to hold the spring meeting on PVAMU’s campus where they had received a remarkable reception. He pointed out that PVAMU students were accomplishing much and this institution was a vital part of the A&M System and the Morrill Act heritage. Chairman Schwartz said PVAMU had been in existence for over 140 years and produced many wonderful students. He added that the Board members were very proud of the institution, the students and their accomplishments. He said they had seen superb things on this campus and, as Chancellor John Sharp stated, it was one of the most beautiful campuses in Texas, if not the nation. Chairman Schwartz advised that they were pleased to be on campus the day before the inauguration of President Ruth Simmons. He said Dr. Simmons had been president for a few months and before that interim president and had earned the nickname, “Ruth the Truth.” He emphasized that besides bringing the truth, Dr. Simmons immediately elevated the stature of PVAMU and the A&M System. Chairman Schwartz noted that she was a Houston native and the first African American to serve as an Ivy League university president. He said that President Simmons graduated from Dillard University and Harvard University and came to PVAMU after retiring as president of Brown University. He stated that her energy, vision and enthusiasm were contagious and they were excited to see what the future held for PVAMU.

Chairman Schwartz also welcomed Dr. Patrick Stover, Vice Chancellor and Dean for Agriculture and Life Sciences, and a distinguished member of the National Academy of Sciences. He said they were eager to see the direction Dr. Stover took AgriLife.

Chairman Schwartz recognized Dr. Doug Steele, who had served as Director of the Texas A&M AgriLife Extension Service since 2012. He said Dr. Steele would be stepping down from that role, but would remain in the A&M System as the Director for International Extension Outreach and Education at The Borlaug Institute for International Agriculture at Texas A&M. He thanked Dr. Steele for his service and looked forward to his continued service.

Chairman Schwartz said Dr. Steven Tallant, President of Texas A&M University-Kingsville, would retire in December 2018. He emphasized that Dr. Tallant had done a wonderful job at Texas A&M-Kingsville since 2008 and would be greatly missed.

Chairman Schwartz announced that Mr. Shuchart had been a terrific student regent who made significant and meaningful contributions to the Board. He said Student Regent Shuchart would attend Duke Law School in the fall.

STUDENT REGENT REMARKS

Student Regent Shuchart thanked Governor Greg Abbott, Chancellor Sharp and President Michael Young for the opportunity to serve the A&M System and for their trust and confidence in his appointment. He said he appreciated each Board member that had mentored him on the duties and responsibilities of the position. Student Regent Shuchart thanked the System offices' faculty, staff and administration, the 11 System universities and seven state agencies. He said he hoped he had represented the students well over the past year.

Student Regent Shuchart said he visited nearly every campus in the A&M System and it had been an incredible experience. He added that the System was working to promote the liberal and practical education into several pursuits and professions of life, as President Abraham Lincoln stated upon signing the Morrill Act. He said the educators and administrators focused on providing an outstanding education at an affordable cost so students could return to their communities and become lifelong leaders. Student Regent Shuchart said he agreed with Vice Chairman Mendoza as she often said that the A&M System has the greatest students in the world. He said he believed in a strong future for Texas because of the strong future for these students.

Student Regent Shuchart explained that this year the System would be challenged by the 86th Legislature. He said given last session's focus on tightening higher education's budget, he assumed that the Legislature would again look for budget cuts. He added that the System's Government Relations team would demonstrate the valuable work within the A&M System, the quality of education that the universities provided and the fiscal responsibility the System exhibited with each taxpayer dollar.

Student Regent Shuchart said students also faced the challenge of the nation's political instability. He noted that unpredictability in national politics had affected enrollment, with a decrease in graduate student enrollment in the System, particularly international students. He said they faced the challenge of remaining civil during this time of political polarization. He advised that students amazed him with their ability to respond to negative events or speakers, and they must continue their commitment to respecting free speech and each other.

Student Regent Shuchart said Chancellor Sharp’s idea to transform the former Riverside Campus as the A&M System’s RELLIS Campus would undoubtedly face challenges at the beginning, as all projects did initially. He said this Board, Chancellor Sharp, the presidents and chief executive officers (CEOs) of each institution would perform beyond the call of these challenges.

Student Regent Shuchart said to echo Student Regent Emeritus Gabriel Pereira’s remarks on the student regent position; the Board and students would be better served with a longer transition period between incoming and outgoing student regents. He added that important decisions were made at each Board meeting and it was difficult to present an informed opinion while still learning the duties and roles of each entity. He said the University of California System designated a student regent a year before their term began while a serving student regent was an active voting member of the Board. Student Regent Shuchart encouraged his successor not to be afraid to speak out, or raise a concern to the Board. He said it was not only their duty, but also what the Board wanted to know. He noted that the Regents cared about students and wanted to know how and why they felt as they did. Student Regent Shuchart said his successor should take advantage of the fact that intelligent, caring and mentoring individuals on the Board of the A&M System would surround them. Student Regent Shuchart said this position was crucial to the System as it helped both parties communicate the reasons behind their actions and beliefs more effectively. He added that if the position was to maintain this responsibility, future student regents needed to utilize the summer months to coordinate with student leaders and stakeholders. He said if these ideas were adapted for the future student regent position, the A&M System would continue to be the finest in the country.

Student Regent Shuchart thanked each Board member, Chancellor Sharp, Ms. Vickie Spillers, Executive Director of the Board of Regents, and the Board office staff, everyone present and the students across the A&M System for letting him be a part of this wonderful experience.

CHANCELLOR’S REMARKS

Chancellor Sharp highlighted accomplishments of the A&M System (a copy of which is on file in the Office of the Board of Regents).

WELCOME AND CAMPUS UPDATE – PRAIRIE VIEW A&M UNIVERSITY

President Simmons presented this update (copy of which is on file in the Office of the Board of Regents). She said PVAMU was delighted to host the Board meeting and thanked Chairman Schwartz for his kind words. She added that they often talked about being “on the hill” and metaphorically speaking, PVAMU strived for heights. She pointed out that PVAMU had succeeded against all odds for over 140 years. She said the campus was always renewing itself, a good sign for a university.

Dr. Simmons reported that PVAMU was named among the three best HBCUs by *Best Value Colleges*, but should be the best HBCU. She said they had the means and were well on the way, but must do certain things. She advised that their dream was to be the best HBCU, but also to compete with other institutions in the country. Dr. Simmons pointed out that they had the best online masters of business administration according to *Affordable CollegesOnline.org*, were among the top 20 national producers of African American engineers, nurses and biologists, had the number one football stadium in the Southwestern Athletic Conference (SWAC), had a record enrollment for three consecutive years, and had tripled international study abroad participation.

Dr. Simmons said it was an honor to be involved in this aspiring adventure. She advised that the Texas mandate to provide education to the citizens of the state was an imperative that ensured the state would thrive for generations to come. She said, as a child on an East Texas farm, the idea of an education -- let alone a college education -- was not only impossible to imagine, it was not even a wisp of an idea. Dr. Simmons added that the forward-looking Texas policy makers had attacked this problem and continued to expand on that imperative.

Dr. Simmons said she had visited an architecture class to view student design projects, and a student from Burkina Faso, Africa, was designing a hospital for his home country where health care was challenging, especially prenatal care. She added that he wanted to return to Burkina Faso to improve upon the facilities to which women and children had access. Dr. Simmons said the faculty profile and visibility to these populations compelled students to travel halfway around the world to PVAMU. She noted that she also met with the accreditation team reviewing the Architecture program. She said the team remarked that the student work on display was the best exhibition they had seen during their many campus visits. Dr. Simmons pointed out that they enthusiastically reported on the program's quality and urged PVAMU to encourage more students to take the architectural license exam since so many students were entering construction science.

Dr. Simmons said the accreditation team also cited the extraordinary international experiences and visibility the architecture students had through faculty mentorship. She added that a group of students was invited to assist the United Nations Educational, Scientific and Cultural Organization Nepal effort to preserve the ancient architectural and cultural heritage of that country. She said PVAMU had been known for its achievements in the science, technology, engineering and mathematics (STEM) fields, and the engineering program continued to attract students. Dr. Simmons noted that although everyone knew PVAMU's engineering and computer science students were in high demand they might not be aware that the mechanical engineering department had grown from 153 students in 2006 to 460 students currently.

Dr. Simmons introduced a group of students who were building a prototype vehicle for a national competition. She said one student wanted to start an automobile company and would intern at Chrysler Corporation. She stated that a first-year mechanical engineering student was concerned that injured veterans confined to wheelchairs needed a better way to fit their wheelchairs at tables, and wanted to continue developing a product he began in high school.

Dr. Simmons said he designed and manufactured a detachable tray for a wheelchair, donated 60 to veterans, and hoped to patent and commercialize this as he worked to develop additional resources for the disabled. She advised that these kind of projects were happening all over campus. She said four chemical engineering students won \$75,000 for the Ford HBCU Community Challenge for developing a three-in-one monitor for household water, electricity and gas consumption in real time.

Dr. Simmons said Dr. Lijun Qian, Director of the Center of Excellence in Research and Education for Big Military Data Intelligence, had a \$5 million grant from the Department of Defense. She added that PVAMU would host the third Mission Critical Big Data and Analytics workshop on May 15-16, sponsored by the Office of the Secretary of Defense. She said computer science students developed an artificial intelligence system using Google Home technology to help PVAMU students acquire university information. Dr. Simmons advised that the Department of Computer Science had been part of a project to provide students real world training in the Silicon Valley. She said she and Dr. Pamela Obiomon, Interim Head, Department of ECE, met with Mr. Brian Krzanich, CEO, Intel Corporation, to plan a program of courses and internship opportunities for students along with a select group of students from other HBCUs. She noted that Dr. Yonggao Yang, Department Head, Department of Computer Science, oversaw their participation in a similar program that afforded the opportunity for residency programs at Google. Dr. Simmons said PVAMU departments had many partnerships with major companies and those relationships were rapidly expanding. She explained that their students were in high demand and it was difficult with a relatively small faculty to take full advantage of the institutions seeking collaboration.

Dr. Simmons reported that the College of Business had notable successes this year. She said Mr. Danny Harvey, Professor, Department of Finance, received a TD Ameritrade grant supporting his efforts in financial literacy. She advised that PVAMU's new College of Business trading room had 12 Bloomberg terminals. She added that this provided students' access to a costly tool that traders and investors routinely used. Dr. Simmons said such efforts had led to broader engagement of students in the fundamentals of finance and business. Dr. Simmons explained that these types of projects were happening all over the campus, including a student that created a gaming club, and brought students to campus for a gaming competition and would likely be an entrepreneur that took that idea to a new level.

Dr. Simmons said the College of Arts & Sciences continued to offer exciting opportunities for students and faculty. She added that a very large number of PVAMU graduates were involved with the Johnson Space Center and the space industry. She said PVAMU has had a long association with NASA. Dr. Premkumar Saganti, Professor, Department of Physics, and Faculty of NASA Center for Applied Radiation Research, was working on a payload based on NASA's objective of characterizing the radiation environment in polar orbit. Dr. Simmons noted that the Radiation Institute for Science and Engineering was a state-of-the-art laboratory established through the Chancellor's Research Initiative (CRI). She said PVAMU received over \$6 million to expand the solar observatory, now 13th in the world. She said Dr. Saganti hoped to get that payload up on the next launch. Dr. Simmons added that the music program continued to receive attention from the Marching Storm leading off the Macy's Day Parade to former band members performing with Beyoncé at Coachella.

Dr. Simmons noted that the university chorale would perform in Poland this summer and Dr. Danny R. Kelley, Dean, Brailsford College of Arts and Sciences, would perform at New York's Steinway Hall. She advised that the chorale participated in the 50th anniversary commemoration of Dr. Martin Luther King, Jr.'s assassination, and there was widespread news coverage of the chorale's performance for Dr. King the night before his death.

Dr. Simmons announced that agriculture students were continually awarded scholarships by the USDA/1890 National Scholars Program. She said the program offered suggestions on improving the Agriculture program. She advised that Dr. Ali Farris, Interim Dean of the College of Agriculture and Human Sciences, was receiving plaudits from around the world for his research in hydrology and was working at PVAMU to develop a flood resilience effort to enhance flood disaster awareness and mitigation. Dr. Simmons said nursing continued to be one of their most important programs. She noted that the Doctor of Nursing Practice degree program was the fastest growing doctoral program in the U.S. She said Dr. Fred Bonner headed the Minority Achievement, Creativity, and High Ability Center program in the College of Education, established as part of the CRI. Dr. Simmons pointed out that the center's mission was to produce scholarships on underserved populations. She explained that through the center's efforts in Paris this summer the university would receive The International Centre for Innovation in Education (ICIE) Award for Excellence in Higher Education -- the first ever from ICIE to a HBCU. Dr. Simmons said the previous day the PVAMU Men's Golf Team won the first SWAC title since 1979.

Dr. Simmons said it was a great honor to be able to serve these wonderful students. She recognized the leadership team from PVAMU.

RECESS AND RECONVENE

Chairman Schwartz recessed the meeting at 2:18 p.m.

(Note: The Committee on Finance convened at 2:18 p.m. and adjourned at 2:37 p.m. The Committee on Audit convened at 2:38 p.m. and adjourned at 2:45 p.m. The Committee on Buildings and Physical Plant convened at 2:46 p.m. and adjourned at 3:04 p.m.)

Chairman Schwartz reconvened the meeting at 3:07 p.m.

REPORT FROM THE COMMITTEE ON FINANCE

Regent Foster, Acting Chairman of the Committee on Finance, said the committee met earlier the same day and considered Items 1.1 through 1.4, and recommended these items to the full Board for approval.

On motion of Regent Thomas, seconded by Regent Albritton, and by a unanimous vote, the following minute orders were approved (058 through 061):

~~~~~

**MINUTE ORDER 058-2018 (ITEM 1.1)**

**APPROVAL OF FISCAL YEAR 2019 OPERATING BUDGETS,  
THE TEXAS A&M UNIVERSITY SYSTEM**

The operating budgets, included in the exhibit, as submitted by the members of The Texas A&M University System for the fiscal year ending August 31, 2019, are hereby approved and adopted subject to the provisions contained in System Policy 27.04 (Budget Authorizations, Limitations and Delegations of Authority).

The Board of Regents of The Texas A&M University System (Board) reasonably expects to incur debt in one or more obligations for this project, and all or a portion of the proceeds received from the sale of such obligations is reasonably expected to be used to reimburse the account(s) for amounts previously appropriated and/or expended from such account(s).

As required by Section 5(a) of the Master Resolution of the Revenue Financing System, the Board hereby determines that it will have sufficient funds to meet the financial obligations of The Texas A&M University System, including sufficient Pledged Revenues to satisfy the Annual Debt Service Requirements of the Revenue Financing System and to meet all financial obligations of the Board relating to the Revenue Financing System and that the Participants, on whose behalf the debt is issued, possess the financial capacity to satisfy their Direct Obligations.

**MINUTE ORDER 059-2018 (ITEM 1.2)**

**AUTHORIZATION TO EXCEED LIMITATIONS  
ON STATE EMPLOYMENT LEVELS,  
THE TEXAS A&M UNIVERSITY SYSTEM**

The Board of Regents of The Texas A&M University System hereby approves the request and subsequent reporting (as required) by the members of The Texas A&M University System listed in the attached exhibit, regarding an exception to the limitations on state employment levels specified in Senate Bill 1, 85th Legislature, Regular Session.

**MINUTE ORDER 060-2018 (ITEM 1.3)**

**APPROVAL OF FISCAL YEAR 2019  
SERVICE DEPARTMENT ACCOUNTS,  
THE TEXAS A&M UNIVERSITY SYSTEM**

The service department accounts for the members of The Texas A&M University System for the fiscal year ending August 31, 2019, included in the exhibit, are hereby approved subject to the provisions contained in System Regulation 21.01.05, Service Departments or Centers.

**MINUTE ORDER 061-2018 (ITEM 1.4)**

**APPROVAL TO ESTABLISH  
THE REGENTS' GRANT INITIATIVE,  
THE TEXAS A&M UNIVERSITY SYSTEM**

The proposed Regents' Grant initiative along with the associated guidelines as shown on the attached exhibit, are hereby approved. In addition, funding in the amount of \$3 million is hereby appropriated for FY 2019 from the Available University Fund. Funding for the remaining nine years will be approved through the annual budget process.

~~~~~

REPORT FROM THE COMMITTEE ON AUDIT

Regent Thomas, Chairman of the Committee on Audit, announced that the committee met earlier in the day and received several reports and updates, including the Monthly Audit Report, the Audit Tracking Report and recent audits by the State Auditor's Office.

REPORT FROM THE COMMITTEE ON BUILDINGS AND PHYSICAL PLANT

Regent Leach, Chairman of the Committee on Buildings and Physical Plant, said the committee met earlier the same day and approved Items 3.1 through 3.6 as presented.

On motion of Regent Leach, seconded by Regent Adams, and by a unanimous vote, the following minute orders were approved (062 through 067):

~~~~~

**MINUTE ORDER 062-2018 (ITEM 3.1)**

**APPROVAL OF THE PROJECT SCOPE AND BUDGET,  
APPROPRIATION FOR CONSTRUCTION SERVICES,  
AND APPROVAL FOR CONSTRUCTION FOR THE  
21ST CENTURY CLASSROOM BUILDING PROJECT (02-3236),  
TEXAS A&M UNIVERSITY, COLLEGE STATION, TEXAS,  
THE TEXAS A&M UNIVERSITY SYSTEM**

The project scope along with a project budget of \$85,000,000 for the 21st Century Classroom Building Project is approved.

The amount of \$63,000,000 is appropriated from Account No. 01-084243, Permanent University Fund Debt Proceeds (AUF), the amount of \$10,000,000 is appropriated from Account No. 02-243507, DT Contingent Income, and the amount of \$5,000,000 is appropriated from Account No. 02-808832, Provost Plant Funds, for construction services and related project costs.

REPORT FROM THE COMMITTEE ON ACADEMIC AND STUDENT AFFAIRS

Vice Chairman Mendoza, Chairman of the Committee on Academic and Student Affairs, announced that the committee met in Austin on March 27 from 10:00 a.m. until 3:00 p.m. She said Board members in attendance were Regents Foster and Mahomes, Chairman Schwartz and Student Regent Shuchart. She added that they discussed student success data, and had a lengthy discussion and report on data that Dr. James Hallmark, Vice Chancellor for Academic Affairs, and his team presented from across the System. Vice Chairman Mendoza said they were looking at “take aways” from this meeting -- what they were doing as a system that others were not. She advised that universities across the nation focused on student success, but the A&M System remained among a handful that were collectively focusing on student success as a system. She said System members shared best practices about what worked and what did not, and adjusted strategies based on their colleagues’ experiences at A&M System institutions. Vice Chairman Mendoza noted that they were reminded that it could be done when they saw success among the institutions within the System. She said as a system, as a board and through Chancellor Sharp, their institutions’ CEOs were being held accountable for progress on student success.

Vice Chairman Mendoza said the institutions were tackling topics together. She added that they were focusing on a systemwide study of stop outs, and reviewing students who stopped attending System universities and asking why. She said they used this information to target interventions and make changes, but were highlighting the success stories, which were evident at the meeting. Vice Chairman Mendoza advised that PVAMU’s first year persistence rate increased from 63.8% to 70.7% over the past five years. She said Texas A&M-Kingsville’s rate went from 63.5% to over 70%, and A&M-Commerce’s rate was hovering near 70%. She noted that this was real progress and students were benefiting from these focused efforts. Vice Chairman Mendoza explained that additionally, across the System, data showed a 4% to 7% increase in four-year graduation rates. She said Texas A&M University at Galveston’s (TAMUG’s) four-year rate increased more than 10%, with a 16% increase in four-year graduation rates of Hispanics. She reported that regarding six-year graduation rates, Texas A&M increased to 86.8%, TAMUG increased 13.1% and Tarleton had a 17.2% increase

for African Americans and a 6.3% increase for Hispanic students. Vice Chairman Mendoza said all System universities dramatically decreased the number of semesters a student took to complete their degree, on average a full semester sooner than five years ago. She said this was evidence of the focus and efforts of the A&M System institutions, and it was important to emphasize that the campuses were learning from each other through their collective efforts.

Vice Chairman Mendoza reported that the committee used the meeting to identify next steps to take as a system. She said Meta-Majors were being implemented to allow students more opportunities to apply semester credit hours (SCHs) to their degree programs. She advised that the goal was to decrease the SCHs students took that did not apply to their degree. Vice Chairman Mendoza said they ascertained that they must require a more granular focus on a student's freshman year to ensure they had the best opportunity for success. She added for example, they needed to know how many students completed mathematics and English for curriculum requirements and how many participated in high-impact practices. She said they also needed to use an increase of predictive analysis across each campus to guide the students in their choices and decisions. Vice Chairman Mendoza noted that campuses were frustrated that they had not moved the needle that much. She said questions were raised on whether or not they had done all they could do -- were they at the pinnacle? She stated that they were not where they needed to be. Vice Chairman Mendoza said they might not save every student but they must do all they could to provide each student the opportunity to be successful. She pointed out that Dr. Hallmark illustrated that they were making progress, and the data was evidence of that. She said their measure of student success -- persistence and graduation rates for most A&M System universities -- was at or slightly below the national average for similar institutions. Vice Chairman Mendoza emphasized that they could do better and would continue to search for ways to improve. She said they could not take their eyes off these goals and needed to remain agile, align their resources and invest in what worked.

Vice Chairman Mendoza said they would continue to analyze and evaluate how they were doing against these metrics. She added that they would look at ways to increase incoming students' readiness by partnering with pre-K 12 and putting more emphasis and focus on their educator preparation programs. She thanked Chancellor Sharp for keeping student success a priority of the A&M System and Dr. Hallmark for leading them through a very meaningful data meeting. She said the committee and the Board looked forward to continued progress.

Chairman Schwartz expressed the Board's appreciation for Vice Chairman Mendoza's extraordinary work on this committee.

ADDITIONAL ITEMS CONSIDERED BY THE BOARD

Dr. Carol Fierke, Provost & Executive Vice President of Texas A&M, presented Item 5.1.

On motion of Regent Leach, seconded by Regent Adams, and by a unanimous vote, the following minute order was approved (068):

~~~~~

**MINUTE ORDER 068-2018 (ITEM 5.1)**

**ADOPTION OF A RESOLUTION HONORING  
MR. GEORGE K. HICKOX JR. '80  
FOR HIS OUTSTANDING DEDICATION AND SERVICE  
AS TRUSTEE OF THE TEXAS A&M FOUNDATION,  
TEXAS A&M UNIVERSITY**

The Board of Regents of The Texas A&M University System adopted the resolution set forth in the attached exhibit.

~~~~~

Vice Chairman Mendoza presented Item 5.2.

On motion of Vice Chairman Mendoza, seconded by Regent Adams, and by a unanimous vote, the following minute order was approved (069):

~~~~~

**MINUTE ORDER 069-2018 (ITEM 5.2)**

**ADOPTION OF A RESOLUTION RECOGNIZING  
MR. STEPHEN F. SHUCHART FOR HIS SERVICE  
AS THE 2017-2018 STUDENT MEMBER OF THE  
BOARD OF REGENTS OF THE TEXAS A&M UNIVERSITY SYSTEM  
AND BESTOWING THE TITLE OF STUDENT REGENT EMERITUS,  
BOARD OF REGENTS, THE TEXAS A&M UNIVERSITY SYSTEM**

The Board of Regents of The Texas A&M University System adopted the resolution set forth in the attached exhibit.

~~~~~

Chancellor Sharp called on Mr. Henry Judah, Director, Risk Management for the A&M System, who presented Item 6.2.

On motion of Regent Adams, seconded by Regent Leach, and by a unanimous vote, the following minute order was approved (070):

~~~~~

**MINUTE ORDER 070-2018 (ITEM 6.2)**

**ADOPTION OF A RESOLUTION TO HONOR  
TEXAS A&M UNIVERSITY, TEXAS A&M UNIVERSITY-SAN ANTONIO,  
AND WEST TEXAS A&M UNIVERSITY POLICE DEPARTMENTS  
FOR ACHIEVING ACCREDITATION OR RECOGNITION STATUS  
FROM RESPECTED PROFESSIONAL AUTHORITIES,  
THE TEXAS A&M UNIVERSITY SYSTEM**

The Board of Regents of The Texas A&M University System adopted the resolution set forth in the attached exhibit.

~~~~~

Mr. Ray Bonilla, General Counsel, presented Item 5.3.

On motion of Regent Buzbee, seconded by Vice Chairman Mendoza, and by a unanimous vote, the following minute order was approved (071):

~~~~~

**MINUTE ORDER 071-2018 (REVISED ITEM 5.3)**

**APPROVAL OF REVISIONS TO  
SYSTEM POLICY 25.07 (CONTRACT ADMINISTRATION),  
THE TEXAS A&M UNIVERSITY SYSTEM**

The revisions to System Policy 25.07 (Contract Administration), as shown in the attached exhibit, are approved, effective June 1, 2018.

~~~~~

Mr. Bonilla presented Item 5.4.

On motion of Vice Chairman Mendoza, seconded by Regent Adams, and by a unanimous vote, the following minute order was approved (072):

~~~~~

**MINUTE ORDER 072-2018 (ITEM 5.4)**

**APPROVAL OF REVISIONS TO SYSTEM POLICY 33.03 (NEPOTISM),  
THE TEXAS A&M UNIVERSITY SYSTEM**

~~~~~

Chairman Schwartz presented Item 5.5, related to the appointment of a member of the board of directors of The University of Texas/Texas A&M Investment Management Company (UTIMCO). He added that Regent Adams had ably served as their member on the UTIMCO Board, being appointed in 2015 and serving a three-year term, which expired on April 1, 2018. He noted that Regent Adams had continued to serve until a successor was appointed. He expressed the Board’s sincere appreciation and thanks to Regent Adams for serving on this very important board. Chairman Schwartz said the person the Board appointed to succeed Regent Adams would also serve a three-year term.

Regent Adams moved that Regent Thomas be appointed to serve as a director of UTIMCO, effective April 19, 2018, and expiring April 1, 2021, or until a replacement was named. Vice Chairman Mendoza seconded the motion. By a unanimous vote, the following minute order was approved (073):

(Note: There were no other nominations for this position.)

~~~~~

**MINUTE ORDER 073-2018 (ITEM 5.5)**

**APPOINTMENT OF MR. CLIFTON L. THOMAS, JR.  
AS A MEMBER OF THE BOARD OF DIRECTORS  
OF THE UNIVERSITY OF TEXAS/TEXAS A&M  
INVESTMENT MANAGEMENT COMPANY,  
THE TEXAS A&M UNIVERSITY SYSTEM**

Mr. Clifton L. Thomas, Jr. is hereby appointed to serve as a Director of The University of Texas/Texas A&M Investment Management Company for a three-year term to expire on April 1, 2021, or until a replacement is named.

~~~~~

Chairman Schwartz presented Item 5.6. He said Dr. Steven Holditch’s term would be extended to April 2019, thereby filling one position with a representative with industry experience on the University Lands Advisory Board (ULAB).

Regent Foster made a motion that Mr. Mark Albers be appointed to the second position of a representative with industry experience, effective April 19, 2018, and expiring April 1, 2020, or until a replacement is named. Vice Chairman Mendoza seconded the motion. By a unanimous vote, the following minute order was approved (074):

(Note: There were no other nominations for this position.)

~~~~~

**MINUTE ORDER 074-2018 (ITEM 5.6-a)**

**REAPPOINTMENT OF DR. STEVE HOLDITCH AND  
APPOINTMENT OF MR. MARK ALBERS AS MEMBERS  
OF THE UNIVERSITY LANDS ADVISORY BOARD,  
THE TEXAS A&M UNIVERSITY SYSTEM**

Dr. Steve Holditch is reappointed, and Mr. Mark Albers is hereby appointed, to serve as members of the University Lands Advisory Board for terms to expire on April 1, 2019, and April 1, 2020, respectively, or until a replacement is named.

~~~~~

Chairman Schwartz moved that Vice Chairman Mendoza be appointed to the third position on ULAB (required to be a current member of the Board), effective April 19, 2018, and expiring April 1, 2021, or until a replacement is named. Regent Adams seconded the motion. By a unanimous vote, the following minute order was approved (075):

(Note: There were no other nominations for this position.)

~~~~~

**MINUTE ORDER 075-2018 (ITEM 5.6-b)**

**The Texas A&M University System
Request to Exceed Limitation on State Employment Levels
Article IX, Part 6, Section 6.10
FY 2019**

| MEMBER | FTE Cap | Requested FTE Increase | Revised FTE Level | Source of Funds | Justification |
|------------------------------------|---------|------------------------|-------------------|-----------------|---|
| Texas A&M University - San Antonio | 264.8 | 75.0 | 339.8 | Appropriated | The additional 75 FTEs are needed to successfully implement the legislatively-mandated downward expansion approved to transform Texas A&M University-San Antonio into a comprehensive university. The FTE cap was reduced from 269.0 in 2014-2015 biennium to 232.9 in the 2016-2017 biennium despite the approval and funding received for downward expansion. In the 2018-2019 biennium the FTE cap was increased to 264.8, which left the university 5 FTE short of the 2014-2015 biennium total. The special item funding that was received for downward expansion was used to fund an additional 40 faculty FTEs and 30 student support FTEs. This additional 70 FTEs, along with the additional 5 FTE that the University has not recovered from the 2014-2015 biennium total, comprises this request. 40 Faculty FTEs, and 35 Staff FTEs. TAMU-SA is not requesting any administrator FTE's. |

The Texas A&M University System
Request to Exceed Limitation on State Employment Levels
Article IX, Part 6, Section 6.10
FY 2019

| MEMBER | FTE Cap | Requested FTE Increase | Revised FTE Level | Source of Funds | Justification |
|--------------------------------------|---------|------------------------|-------------------|-----------------|---|
| Texas A&M University - Central Texas | 96.4 | 43.6 | 140.0 | Appropriated | This request is needed to provide 12 additional FTE's to support enrollment growth and fulfill the mission and strategic initiatives of the institution while providing an affordable education to the Central Texas region and active duty military personnel and their families. 31.6 FTEs are full time faculty positions and 12 FTEs are support staff. |

The Texas A&M University System
Request to Exceed Limitation on State Employment Levels
Article IX, Part 6, Section 6.10
FY 2019

| MEMBER | FTE Cap | Requested FTE Increase | Revised FTE Level | Source of Funds | Justification |
|---|---------|------------------------|-------------------|-----------------|---|
| Texas A&M Engineering Extension Service | 543.0 | 50.0 | 593.0 | Appropriated | The 50 additional positions are needed to add instructional staff. The instructional staff are projected to be a mix of wage employees (adjunct instructors) and budgeted positions. The actual hiring will be dependent upon contracts and enrollment. The end of the hiring freeze has allowed for the filling of vacant positions, bringing the Agency closer to the current FTE cap. TEEX has and will continue to provide personnel for recovery efforts and development of recovery training. TEEX is increasing the number of participants trained each year with the end goal of serving 300,000 by 2030. |

**The Texas A&M University System
Regents' Grants
Guidelines**

1. Grants should be awarded to resident undergraduate, first-time degree seeking students to assist in the retention of the student with an emphasis in helping these students through an unforeseen hardship.
2. Grants should be designated as a "Regents' Grant" with no minimum amount and should not exceed, on a semester basis, the cost of tuition, books, lodging, and meals as published in each respective university catalogue.
3. Grants should be used to assist students in finishing their degree.
4. Students must be in good academic standing.
5. Eligible students must have a student/family FASFA adjusted gross income between \$60,000 and \$100,000.
6. Each member shall create its own process for the evaluation of need and the distribution of the assistance, following the guidelines presented here.
7. Each year's member allocation for the grants will be based on the most current Pell Grant expenditures as reported on their Annual Financial Report.
8. Any unused amount will be carried forward to the next year.
9. Payments to the members for the grants will be made at the end of each quarter, after the member submits supporting documentation to the A&M System and the A&M System confirms the payment amount due to the member and/or makes any necessary adjustment.
10. Income eligibility requirements (as noted in item #5) may be adjusted each year by the Chancellor as needed to adjust for inflation and changes in state and federal student financial aid programs.

Resolution

Board of Regents
The Texas A&M University System

WHEREAS, Mr. George K. Hickox Jr., a member of the Class of 1980, has served Texas A&M University with honor and distinction in a variety of capacities; and

WHEREAS, Mr. Hickox earned a Bachelor's degree in Geology in 1980 and a Bachelor's degree in Petroleum Engineering in 1981 from Texas A&M University, where he was a member of the American Association of Petroleum Geologists and the Tau Beta Pi and Pi Epsilon Tau engineering honor societies; and

WHEREAS, Mr. Hickox earned a Master of Business Administration in Finance from the University of Houston in 1985; and

WHEREAS, Mr. Hickox worked in investment banking for 37 years, serving as a principal in the private equity firm of Heller Hickox & Co., a partnership that invests in and sponsors oil- and gas-related transactions; and he served as chairman of the board and chief executive officer of the Wiser Oil Company, a New York Stock Exchange listed company, from June 2000 until the sale of the company in June 2004; and served for many years as a director of the NATCO Group Inc. until it was sold in 2009; and as a director and officer of several other private companies; and

WHEREAS, Mr. Hickox serves on the Engineering Advisory Council for the College of Engineering at Texas A&M University, and previously served on the MSC Renovation and Expansion Committee, the Industry Board of the Department of Petroleum Engineering, and the One Spirit One Vision campaign engineering leadership committee; and

WHEREAS, Mr. Hickox is a Distinguished Graduate of the College of Engineering and of the Harold Vance Department of Petroleum Engineering of Texas A&M University, and a member of the A&M Legacy Society; and

WHEREAS, Mr. Hickox will from this day forward be known as a valued partner to Texas A&M University for years of generous support, including creating and contributing to the Jo Ann and Eddie J. Davis '67 Endowment, supporting the MSC Renovation and Expansion Project, supporting the Stephen A. Holditch '69 Department Head Chair in Petroleum Engineering, establishing the George K. Hickox Jr. Professorship in Petroleum Engineering, and giving to the 12th Man Foundation and The Association of Former Students; and

WHEREAS, Mr. Hickox has served the Texas A&M Foundation's Board of Trustees with distinction for seven years, during which time he was also chairman from 2016 to 2017; in addition to a prior two-year term as special advisor to the Investment Advisory Board; now, therefore, be it

RESOLVED, that we, the members of the Board of Regents of The Texas A&M University System, gratefully recognize the outstanding dedication and service of Mr. Hickox as a trustee of the Texas A&M Foundation, and his efforts to maintain the excellence that defines Texas A&M University and the Texas A&M Foundation; and, be it, further

WHEREAS, Mr. Shuchart participated in internships with the offices of U.S. Congressman Bill Flores and Texas State Senator Robert Nichols; and

WHEREAS, upon completion of his undergraduate studies, Mr. Shuchart plans to attend law school and receive a juris doctor and serve his country as a member of the Judge Advocate General's Corps; and

WHEREAS, during his tenure on the Board, in March 2018, The Texas A&M University System broke ground on the first academic building on the newly established 2,000-acre RELLIS Campus in Bryan, Texas, and approved a New Veterinary Building on the West Texas A&M University campus; and

WHEREAS, during his year of service on the Board of Regents, the budget of The Texas A&M University System was \$4.55 billion and enrollment at A&M System institutions grew from 148,000 to 152,000 students; and

WHEREAS, The Texas A&M University System externally funded over \$972 million in research expenditures to help drive the state's economy; and

WHEREAS, Mr. Shuchart worked closely with the student leaders on a variety of issues at The Texas A&M University System's eleven universities and health science center; and

WHEREAS, Mr. Shuchart brought the opinions and perspectives of students across The Texas A&M University System back to the Board of Regents, enriching the Board's ability to lead; now, therefore, be it

RESOLVED, that we, the members of the Board of Regents of The Texas A&M University System express our appreciation for the outstanding leadership shown by Mr. Stephen F. Shuchart as the 2017-2018 Student Regent of The Texas A&M University System; and, be it, further

RESOLVED, that in honor of his service to the Board, the title of Student Regent Emeritus of the Board of Regents of The Texas A&M University System is hereby bestowed upon Mr. Stephen F. Shuchart, with all the rights and privileges pertaining thereto; and, be it, further

RESOLVED, that this resolution be included in the minutes, and official copies thereof be signed by the Chairman of the Board of Regents, and be presented to Mr. Stephen F. Shuchart and to the Archives of The Texas A&M University System, as a permanent tribute to the high esteem in which he is held as a Student Regent of The Texas A&M University System.

ADOPTED, this 19th day of April 2018.

25.07 Contract Administration

Revised [April 19, 2018](#) (MO -2018)
Next Scheduled Review: April 19, 2023

Policy Summary

The effective administration of contracts is an essential operational function of The Texas A&M University System (system). All contracts entered into by a member of the system, unless specifically excluded by this or another policy adopted by the Board of Regents (board), are subject to this policy, including all original contracts, amendments, alterations, modifications, corrections, changes, renewals and extensions. This policy provides uniform systemwide contract administration requirements.

Definitions

Click to view [Definitions](#).

Policy

1. CONTRACT ADMINISTRATION RULES

It shall be the responsibility of each member to develop and implement a contract administration rule. Such rule must address the following:

- (a) the process for contract origination, recommendation, approval, execution, administration and contract close-out; and
- (b) contract reporting requirements.

2. CONTRACTS REQUIRING BOARD APPROVAL

Except as stated in Section 3, the following contracts must be submitted to the board for approval:

- (a) Contracts that involve an annual stated or implied consideration of \$500,000 or more;
- (b) Contracts that have a primary term longer than five years regardless of dollar value; and
- (c) Employment agreements containing one or more of the following provisions:

- (1) employment contracts with system or member administrators that are to be paid in whole or in part from appropriated funds;
- (2) employment contracts having an annual salary consideration of \$500,000 or more;
- (3) employment contracts having a primary term longer than three years;
- (4) employment contracts that allow for settlement or other payments on the termination of the contract to exceed an amount equal to the discounted net present cash value of the contract on termination at a market interest rate agreed upon in the contract;
- (5) employment contracts allowing for development leave that is inconsistent with System Regulation *12.99.01, Faculty Development Leave*; or
- (6) employment contracts awarding tenure in any way that varies from the general policy on the award of tenure.

The board must approve any contract amendment, extension, or renewal that exceeds 10% of the value of the original contract approved by the board, unless the authority to exceed the approved amount is expressly delegated by the board or an exception is expressly adopted by the board for that specific contract.

The foregoing does not abrogate the authority of the chancellor or a member chief executive officer (CEO) to appoint officials as set out in System Policy *01.03, Appointing Power and Terms and Conditions of Employment*.

3. CONTRACTS NOT REQUIRING BOARD APPROVAL

The following types of contracts are not required to receive board approval regardless of dollar value or term unless a specific dollar or term limitation is stated below:

- (a) research contracts, grants, and agreements;
- (b) contracts transferring rights in technology or products protectable by (1) patent or as a plant variety; (2) copyright; (3) treatment as a trade secret of unpatented technological know-how; or (4) trademark or service mark;
- (c) contracts which are procured through a state contract, state catalogue, or other procurement methodologies authorized by state statute and in accordance with the system requirements;
- (d) contracts for athletic events, athletic contests and use of athletic facilities in which the event, contest or use occurs over the course of two years or less;
- (e) employment contracts for university athletics department administrators or coaches so long as the annual salary consideration is less than \$500,000 and does not exceed by 10% the median annual compensation for a comparable position within the university's respective athletics conference;
- (f) contracts, grants and agreements to perform educational and/or service activities consistent with a member's mission and involving a total stated or implied consideration of less than \$500,000; and

- (g) interagency and intrasystem contracts to perform educational and/or service activities consistent with a member's mission.

4. REQUIRED GENERAL COUNSEL REVIEW

The System Office of General Counsel (OGC) shall establish contract review guidelines to be followed for all contracts or agreements entered into by a member. Such guidelines shall contain the following:

- (a) a description of each step that a member must use to evaluate and process contracts; and
- (b) a checklist that describes each process that must be completed before contract execution.

All contracts or agreements that have a stated or implied consideration of \$100,000 or more must be submitted to OGC for review and approval as to form and legal sufficiency when required by OGC guidelines that have been approved by the chancellor.

5. CONTRACTS GOVERNED BY OTHER POLICIES

All contracts for (a) the purchase or sale of real property; (b) the lease, license or use of system real property; (c) the lease, license or use of real property from third parties; (d) the granting or acceptance of easements or rights-of-way; and (e) any other acquisition or disposition of real property or real property interests shall be governed by the policies under Policy Series *41, Real Property*, and any regulations promulgated under these policies. The delegation of authority for all construction contracts shall be governed by System Policy *51.04, Delegations of Authority on Construction Projects*, and the regulations promulgated under that policy.

6. CONTRACT APPROVAL AND DELEGATION OF AUTHORITY

With the exception of Section 3(b) which is covered in System Policy *17.01, Intellectual Property Management and Commercialization*, contracts, grants, and agreements described in Section 3 may be approved by member CEOs, or their designees, in accordance with Section 3. The chancellor is authorized to approve all other contracts not reserved for approval by the board, and may delegate authority to deputy chancellors, vice chancellors, CEOs or others to execute all such other contracts less than \$750,000.

7. WRITTEN AUTHORIZATION REQUIRED

The authority to enter into contracts on behalf of the system or any of its members must be by express written authority pursuant to the policies of the board and approved contract administration rules of the system or the respective member.

8. EXTENSION OF PRE-EXISTING CONDITIONS FOR CONTRACTS WHICH PRE-DATE THIS POLICY

Contracts reviewed and authorized prior to the adoption of this policy shall remain in full force and effect; however, any modification or extension of such contracts shall be reviewed and authorized in accordance with this policy.

Policy Summary

A member of the Board of Regents (board) or an employee of The Texas A&M University System (system) may not appoint, confirm the appointment of, or vote for the appointment or confirmation of the appointment of an individual to a position that is to be directly or indirectly compensated from public funds or fees of office if the individual is a covered relative of the board member or employee as provided in this policy. This prohibition for any system employee with authority to make or confirm appointments includes the supervision or authority over any term or condition of a covered relative's employment. All system positions of employment are covered by this policy, including graduate assistant and student worker positions.

Definitions

Policy

1. BOARD MEMBER COVERED RELATIVES

- 1.1 According to state nepotism laws, a public official, including a member of the system board, may not appoint, confirm the appointment of, or vote for the appointment or confirmation of the appointment of an individual to a position that is to be directly or indirectly compensated from public funds if the individual is related to the board member within the third degree by consanguinity (blood) or the second degree by affinity (marriage). Individuals within the prohibited degrees of relation are referenced as "covered relative" in this policy, and the Appendix provides a listing of these relatives.
- 1.2 The nepotism prohibition does not apply to a board member's appointment, confirmation of an appointment, or vote for an appointment or confirmation of an appointment of a covered relative if the relative is employed in the position immediately before the appointment of the board member, and such prior employment is continuous for at least 30 days. However, if the board member's covered relative continues in such a position, the board member may not participate in any deliberation or voting on the covered relative's appointment, reappointment, confirmation of the appointment or reappointment, employment, reemployment, change in status, compensation, or

dismissal if that action applies only to that relative and is not taken regarding a bona fide class or category of employees.

2. EMPLOYEE COVERED RELATIVES

- 2.1 Although the definition of “public official” in state nepotism laws does not include employees of institutions of higher education, it is the policy of the system that employees who have authority to make or confirm appointments be held to the standard described in Section 1 of this policy. Therefore, a system employee shall not approve or confirm a covered relative’s appointment, reappointment, employment, reemployment, change in status, compensation, or discipline, including dismissal.
- 2.2 A member may employ an employee’s covered relative or two covered relatives (see Appendix) provided that:
- (a) neither relative has responsibility for direct or indirect supervision of the other, or authority over any term or condition of the other’s employment, including salary or wages as provided in Section 2.2.1; and
 - (b) the member’s chief executive officer (CEO) or designee has authorized the employment in writing, including a determination that the covered relatives’ supervision complies with this policy.
- 2.2.1 The supervision of covered relatives shall meet one of the following conditions: (a) each relative must be outside the other’s reporting structure; or (b) each relative must be supervised by an employee at an equivalent or higher, more senior level than either relative. For covered relatives within the same reporting structure, this supervision requirement can be satisfied through a primary or secondary supervisory relationship. A secondary supervisory relationship means that a covered employee’s primary supervisor reports to a secondary supervisor meeting the requirements of this subsection for all matters relating to the covered employee’s employment. Examples of primary and secondary supervisory relationships that comply with this policy are found in the Appendix.
- 2.2.2 The written authorization of a covered relative’s employment and supervision and the details of the covered employee’s supervision must be maintained in both relatives’ personnel files.
- 2.3 The conditions described in Section 2.2 apply to both initial appointment and continuation of employment.
- 2.4 A member’s employment of a covered relative of the CEO is not permitted unless authorized in writing by the chancellor in accordance with Section 2.2(b).

3. REPORTING POTENTIAL CONFLICTS OF INTEREST

A system employee shall promptly report in writing to his or her supervisor any situation involving a covered relative or any other family member that could create the appearance of a conflict of interest for the employee in his or her official capacity.

4. OTHER EMPLOYEE CONSENSUAL RELATIONSHIPS

A system employee's consensual relationship with an individual who is not the employee's spouse is addressed by System Regulation *07.05.01, Improper Consensual Relationships*, rather than this policy.

*Proposed Revisions to Repurpose the
“Sid Kyle Memorial Endowment in Arid and Semi-Arid Land Studies”*

1. The current quasi-endowment account will be transferred to the System Offices to be managed by the Chancellor for the benefit of Texas A&M University.
2. To ensure the most effective transition of funding from the current quasi-endowment account, funds will be liquidated (as needed) based on a schedule recommended by the Chief Investment Officer and Treasurer and approved by the Chancellor.
3. Future lease, royalty, and other revenue (including any liquidated assets) generated by the Sid Kyle Estate properties will be deposited into the Sid Kyle Income Account. This funding will also be allocated by the Chancellor to support and advance the strategic interests of Texas A&M University.
4. When allocating funds to support the strategic interests of Texas A&M University, the Chancellor will give special attention to research programs that involve innovation and highly impactful research collaboration between and among the System research and extension agencies and Texas A&M University.
5. To ensure continuation of the important programs focused on arid and semi-arid land studies, at least \$700,000 per year will be allocated by the Chancellor to the Department of Ecosystem Science and Management in the College of Agriculture and Life Sciences, for the next five years beginning with FY19.
6. Prior to the expiration of five year period just specified, the Chancellor will evaluate the quality and impact of the arid and semi-arid land studies program to determine whether funding should be continued, and the appropriate level of continued funding support from the Sid Kyle Income Account based on the quality and impact assessment.

Resolution

Board of Regents
The Texas A&M University System

WHEREAS, the member police departments are always endeavoring to improve and enhance their service to the communities of our universities and agencies; and

WHEREAS, the Commission on Accreditation for Law Enforcement Agencies' (CALEA) purpose is to improve the delivery of public safety services, primarily by maintaining a body of standards, developed by public safety practitioners, covering a wide range of up-to-date public safety initiatives; establishing and administering an accreditation process; and recognizing professional excellence; and

WHEREAS, the Texas Police Chiefs Association (TPCA) actively seeks to promote the professional practice of law enforcement administration, to represent the membership and the profession on issues of concern, and to encourage high ethical standards of conduct among law enforcement administrators through its code of ethics; and

WHEREAS, both CALEA and TPCA have developed accreditation or recognition programs which provide public safety agencies an opportunity to voluntarily demonstrate that they meet an established set of extensive professional standards; and

WHEREAS, these best practices were developed by law enforcement professionals to assist agencies in the efficient and effective delivery of service, the reduction of risk, and the protection of individual's rights; and

WHEREAS, these professional standards clearly define authority, performance, and responsibilities of public safety agencies; and

WHEREAS, the Texas A&M University, Texas A&M University-San Antonio, and West Texas A&M University Police Departments have demonstrated that these internationally recognized standards for law enforcement have been met, as verified by a team of independent outside CALEA or TPCA-trained assessors; and

WHEREAS, the Texas A&M University Police Department achieved CALEA Accreditation status on November 22, 2014, and received its second award of accreditation on November 22, 2017; and

WHEREAS, the Texas A&M University-San Antonio Police Department achieved TPCA Recognition status on January 12, 2016; and

WHEREAS, the West Texas A&M University Police Department achieved TPCA Recognition status on March 4, 2016; and

WHEREAS, The Texas A&M University System Office of Risk Management recognizes the massive commitment of time and resources necessary to achieve such a status; and

WHEREAS, these system member police departments have gone above and beyond to demonstrate their agency's pursuit of professional excellence; now, therefore, be it

RESOLVED, that we, the members of the Board of Regents of The Texas A&M University System, wish to publicly honor the Texas A&M University, Texas A&M University-San Antonio, and West Texas A&M University Police Departments for achieving the Commission on Accreditation for Law Enforcement Agencies Accreditation status or the Texas Police Chiefs Association Recognition status, and for their outstanding professionalism, commitment, and exemplary service to the state of Texas and our campus communities; and be it, further

RESOLVED, that this resolution be included in the minutes, and official copies thereof be signed by the Chairman of the Board of Regents and be presented to the police department representatives and to the Chief Executive Officers of the respective institutions for appropriate display.

ADOPTED, this 19th day of April 2018.

Students who earn at least a 2.0 GPA are granted full admission for the fall.

Texas A&M Blinn TEAM:

Participating students are initially admitted to TAMU main campus, but limited to part-time enrollment. Students are enrolled in 3-6 credit hours at TAMU each semester, and the remainder at the Bryan Campus of Blinn College. Students who complete 45 Blinn credit hours and 15 A&M credit hours within a two-year period, while maintaining a 2.5 grade point average at each school, are automatically admitted to TAMU but not guaranteed admission to a particular college or major (no additional application required). Students will follow existing change of curriculum guidelines to gain admission to a degree-granting major. Finally, students who do not transition by the aforementioned methods may fully matriculate via the university's readmission process after their two year program has concluded. TEAM students are considered regular admits, but have conditions that must be met for continued enrollment.

Texas A&M Engineering Academy at Blinn College – Bryan:

Similar in design to the Texas A&M Blinn Team program, selected students who are interested in a major in the College of Engineering may be admitted to the Texas A&M Engineering Academy at Blinn – Bryan. Students admitted through the Top 10% or as an Academic Admit will be considered full admits with a limitation on the number of hours enrolled as an engineering student until successful completion of the Engineering Academy requirements. Students admitted through holistic review are guaranteed full admission to Texas A&M University upon the successful completion of the program requirements. The Engineering Academy at Blinn – Bryan requires the successful completion of 45 credit hours at Blinn and 15 credit hours at A&M. Successful completion is defined as achieving a minimum 2.50 cumulative grade point average at both institutions (as calculated by Texas A&M University). At least 12-15 hours taken at A&M must be in three or four credit hour courses (with the exception of ENGR 111 or 112 that are each 2 credit hour courses). Courses taken at Blinn must satisfy the A&M Core Curriculum or an engineering degree requirement. These students are considered regular admits, but have conditions that must be met for continued enrollment.

Texas A&M Engineering Academies with Select Community Colleges:

Similar in design to the Texas A&M Blinn Team program, selected students who are interested in a major in the College of

Engineering may be admitted to the Texas A&M Engineering Academy under current MOUs at Austin Community College Highland Campus, Blinn College – Brenham, El Centro College, Richland College, Alamo College Northeast Lakeview Campus, Houston Community College (HCC) Spring Branch Campus and Texas Southmost College. Additional MOUs may include other community colleges. An academy student must enroll for a minimum of 12 total credit hours each fall and spring semester. Three to five credit hours will be taught by Texas A&M and the remainder will be from the community college. Students who successfully complete the Academy by the first summer term following their second year with a minimum GPA of 2.50 at both institutions, as calculated by Texas A&M, will be automatically admitted to Texas A&M for the following fall. These students can then apply for a change of curriculum into a degree granting major in the College of Engineering. Students apply directly to the community college. The final decision of admission is determined by Texas A&M's Office of Admissions.

Engineering at Galveston

The Engineering at Galveston program provides students with the opportunity for admission to engineering and addresses space limitations on the main campus. Students are admitted from the pool of engineering applications originally submitted to College Station. Students who choose to enroll follow the same entry to a major process as those students currently enrolled.

Program for System Admission:

Students not admitted to the main campus may select one of the A&M System Institutions and be admitted if they meet admission requirements for their selected institution. A student completes their first year at the System Institution. The program is limited to 7 specific areas of study (Agriculture & Life Sciences, Architecture, Education, Engineering, Geosciences, Liberal Arts and Science) and requires that applicants finish at least 24 transferable hours with a minimum 3.0 GPA for all courses attempted in the chosen Texas A&M degree plan.

TAMU Galveston Gateway:

Students not granted full admission out of the holistic review pool may be selected for the program. Students must attend a 6-week summer session and complete **two assigned core curriculum courses**. Students who earn at least a 2.0 GPA are granted full admission for the fall.

TAMUQ Aggie Gateway Program:

Students not granted full admission out of review pool may be selected for the program. Students will be placed in appropriate Math and English courses based on the results of their placement

The following footnote/column heading explanations apply to all System campuses:

* Uniform Admission Policy

19 Texas Administrative Code Part 1 Chapter 5 Subchapter A Rule §5.5

- (a) Each public university shall admit first-time undergraduate students for each semester in accordance with Texas Education Code §§51.801 - 51.809.
- (b) All applicants from Texas schools accredited by a generally recognized accrediting agency and who graduate in the top 10 percent of their high school class or who graduate in the top 25 percent of their high school class, to the extent the governing board of a general academic teaching institution has adopted such an admission policy, shall be admitted to a general academic teaching institution if the student meets the following conditions:
 - (1) The student has met one of the following:
 - (A) Successfully completed the distinguished level of achievement under the Foundation, Recommended, or Advanced High School Program from a Texas public high school as outlined under Texas Education Code, §28.025, as well as, 19 TAC §§74.63, 74.64, 74.73, and 74.74 (relating to the distinguished level of achievement under the Foundation, Recommended High School Program, or Distinguished Achievement High School Program--Advanced High School Program);
 - (B) Successfully completed a curriculum from a high school in Texas other than a public high school that is equivalent in content and rigor to the distinguished level of achievement under the Foundation, the Recommended, or Advanced High School Program as outlined under subsection (c) of this section;
 - (C) Satisfied ACT's College Readiness Benchmarks on the ACT assessment; or
 - (D) Earned on the SAT assessment a score of at least a 1500 out of 2400, or the equivalent.

¹ In March 2016, the College Board began the administration of a redesigned version of the SAT. The new SAT consists of two sections, Evidence-Based Reading and Writing (ERW) and Mathematics. Each section is scored on a scale of 200 to 800 with a total score range between 400 and 1600. The previous SAT consisted of three sections, Writing,

Critical Reading and Mathematics. Each section was scored on a scale of 200 to 800 with a total score range between 600 and 2400. Universities will currently accept both versions of the SAT for admission decisions.

² House Bill 5 of the 83rd Texas Legislature established the new Foundation High School Program as the default graduation program for all students entering high school beginning in 2014. The bill replaced the Minimum High School Program, Recommended High School Program, and Distinguished Achievement Program with the Foundation High School Program. A student must earn at least 22 and one-half credits to complete the foundation program. In addition, it calls for a set of endorsements which consist of a related series of courses that are grouped together by interest or skill set. Endorsements provide students with in-depth knowledge of subject area.

A student may earn the Distinguished Level of Achievement by going beyond the Foundation High School Program which requires a total of 26 credits, including Algebra II, a fourth science credit and an endorsement. A student must earn this designation to be eligible for Top 10 percent automatic admission to a Texas public university.

Students may earn an additional acknowledgment on their transcripts because of outstanding performance in areas such as dual credit courses and bilingualism and biliteracy; on Advanced Placement, International Baccalaureate, PSAT, ACT ASPIRE, the SAT or ACT exams; or by earning a state-, nationally- or internationally-recognized business or industry certification.

Foundation High School Program (22 credits) include:

- English (4 credits)** • English I • English II • English III • An advanced English course
- Mathematics (3 credits)** • Algebra I • Geometry • An advanced math course
- Science (3 credits)** • Biology • Integrated Physics & Chemistry or an advanced science course
• An advanced science course
- Social Studies (3 credits)** • World History or World Geography • U.S. History
• U.S. Government (one-half credit) • Economics (one-half credit)
- Languages Other Than English (2 credits)** • 2 credits in the same language or
• 2 credits from Computer Science I, II, III

Physical Education (1 credit) **Fine Arts (1 credit)** **Electives (5 credits)**
Speech: Demonstrated proficiency

Endorsements

Consist of a related series of courses grouped together by interest or skill set. Include four credits in both math and science and two additional elective credits. Total credits with endorsements 26.

- STEM
- Business & Industry
- Public Services
- Arts & Humanities
- Multidisciplinary

Distinguished Level of Achievement

- 4 credits in math including Algebra II
- 4 credits in science
- At least one endorsement

**** International Applicant English Proficiency Requirements:** Applicants whose native language is not English must take the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS).

| Linda D. Schultz
Professor
Chemistry | 25 | Fall 2018 –
Spring 2019 | Leave will be spent in Stephenville, Texas completing research with undergraduate students that focuses on the applications of sulfate analysis; clinical chemistry and environmental water analysis; and measurement of solubility product constant of copper (II) compounds. Dr. Schultz is completing various projects in process and submitting papers for presentation and/or publication. This research is an interdisciplinary effort collaborating with other faculty members on campus and with international colleagues. Benefits to the university include presentations and publications, international and interdisciplinary collaboration, and exposure of undergraduate students to quality research projects. |

| COLLEGE OF ARTS AND SCIENCES | | | |
| Michelle Dietert
Associate Professor
Sociology | 10 | Fall 2018 | Dr. Dietert's leave will take place primarily in Killeen, Texas, and regionally throughout Texas where she will visit military bases to conduct research on the experiences of active duty/transgender enlisted military personnel or those transgendered who have been recently discharged from the military. The research will allow Dr. Dietert to become a top scholar on transgender experiences in the military. A&M-Central Texas students will benefit from the knowledge gained from this research. The university will benefit from the publications and increased visibility for recruitment and retention of a diverse student population. |

Psychology, Counseling
and Special Education | 12 | Spring
2019 | Dr. Pierce's leave will be spent in Commerce, Texas, preparing a comprehensive review paper covering the auditory/visual modality effects in human memory allowing for the continued discussion of the research that began in the late nineteenth century. During leave, Dr. Pierce will address unresolved issues such as whether the modality effects in false memories extend to real world transmission of news stories. Benefits of this research will include a review paper that will supplement previous research in the field and add to the scholarship of the department of Psychology, Counseling, and Special Education at A&M-Commerce. |
| COLLEGE OF HUMANITIES, SOCIAL SCIENCES & ARTS | | | |
| Vaughn Wascovich
Professor
Art | 11 | Spring
2019 | Dr. Wascovich's leave will be spent along the Ohio River Valley documenting, researching and recording the visual history and the history of the river towns, the ceramic and steel industries, and the people who have worked in them. Time will also be spent researching printing techniques for historic processes that involve new technologies, including gravure, piezography, cyanotype, iron and platinum printing. The completed project will incorporate the unique images from the Ohio River Valley that can be exhibited in museums, galleries and other universities. Dr. Wascovich's research will benefit the university by enhancing his academic courses and increasing student engagement in printmaking and alternative processes. |

|---|----|-------------|--|
| Maria Fernandez Lamarque
Associate Professor
Literature and Languages | 12 | Fall 2018 | Dr. Lamarque's leave will be spent primarily in Rockwall, Texas, to complete and submit a book project under contract with McFarland Publishers entitled, <i>Cinderella as a Socio-Ethical Text</i> . The focus of this research is to demonstrate how society has framed and created "Cinderella," the mythical character, in various levels as a human ritual in Spain and various cultures around the world. Dr. Lamarque will also travel to Spain and Peru to present her research findings at international conferences. Benefits to the university include the creation of international collaborations that will enhance the research efforts and educational opportunities for students attending A&M-Commerce. |
| John Howard Smith
Professor
History | 15 | Fall 2018 | Dr. Smith's leave will be spent primarily in Commerce, Texas, completing the draft manuscript, <i>The Promised Day: The Roots of American Apocalypticism</i> . Additional research on early Shaker millennialism is required and will be conducted at the Shaker Heritage museum, as well as the New York State Archives, both in Albany, New York. His leave will contribute to A&M-Commerce's research and promote student learning at the undergraduate and graduate levels on, specifically, survey courses on American millennialism and apocalypticism. |
| * Sharon A. Kowalsky
Associate Professor
History | 11 | Spring 2019 | Dr. Kowalsky's leave will be spent in Dallas, Texas, as well as on short research trips to the University of Illinois, New York City and Washington, D.C. Dr. Kowalsky's project examines the issue of family violence in late Imperial and early Soviet Russia. Dr. Kowalsky's research and examination of the nature of family violence will help shape future policies and approaches to dealing more effectively with this behavior. Research will contribute to the academic literature and Gender Studies Program at A&M-Commerce. |
| COLLEGE OF SCIENCE AND ENGINEERING | | | |
| Yelin Ou
Associate Professor
Mathematics | 12 | Spring 2019 | Dr. Ou's leave will be spent primarily in Commerce, Texas, with one week at Michigan State University and two weeks in Brest University, France (or Fudan University, China), to complete writing the book " <i>Biharmonic maps and biharmonic submanifolds in Riemannian Geometry</i> ," and to conduct ongoing research with the Simons Foundation on the geometry of biharmonic maps. Dr. Ou's leave will include other research projects including that of Bang-Yen Chen's conjecture on biharmonic submanifolds, biharmonic riemannian submersions, intrinsic and extrinsic biharmonic conformal immersions, and biharmonic maps. Overall, this research will enhance A&M-Commerce's visibility and enhance the working and collaborative relationships with leading experts around the world, attracting more scholars and students to the university. |

* Dr. Kowalsky requested that her Faculty Development Leave be deferred until Spring 2020 (will be resubmitted at a later date).

| COLLEGE OF BUSINESS | | | |
| Eugene Bland
Professor
Department of
Accounting,
Finance, and
Business Law | 14 | Fall 2018 | Leave will be spent at Stetson University in DeLand, Florida. Dr. Bland will collaborate with a co-author on an existing study that explores how different sources of earnings are spent. Findings from this study will benefit society by expanding on the work of Richard Thaler, behavioral economist, and further exploring the psychological and social spending habits of individuals receiving a windfall. Benefits to the university and college include additional publications to align with accreditation goals and providing a foundation in teaching financial planners to better serve their clients. |
| Monica Hernandez
Associate
Professor
Department of
Management and
Marketing | 8 | Spring
2019 | Dr. Hernandez has been awarded, through the peer review process, a Fulbright Award in Spain. Leave will be spent in Madrid, Spain, developing a medical tourism choice (i.e., a study that assesses consumer choices for medical treatment abroad) which will contribute to the International Marketing and/or International Consumer fields framework. The development of a measure of medical tourism destination choice will be reported followed by the measure’s latent structure, reliability, and validity. Results from the study will be useful to health care providers (both domestic and international) in order to enhance and appropriately target their marketing communications. This leave will benefit the university and students by applying the knowledge and experiences to her teaching program. |

| COLLEGE OF LIBERAL ARTS | | | |
|--|----|----------------|--|
| Susan Garza
Professor
Department of
English | 17 | Spring
2019 | Leave will be spent traveling to seven U.S. plantation sites to visually analyze and provide a better understanding of how visual messages of plantations affect viewers of these sites. Additionally, a proposal will be developed for the digital monograph which will become one part of a three-part series titled <i>Visualization of Victimization</i> . At the community impact level, understanding the material effects viewers take away from memorial spaces such as plantation sites will encourage changes in these material spaces and may lead to a decrease in aggressive behavior toward minority populations. This project will bring attention to A&M-Corpus Christi at the local, state, national, and international levels, and will increase students' understanding of diverse experiences. |
| Ryan O'Malley
Associate
Professor
Department of Art | 6 | Spring
2019 | Leave will be spent in residence at the Frans Masereel Centrum in Kasterlee, Belgium to continue a series of intaglio and lithographic prints that extend Mr. O'Malley's printmaking research. Works created during this residency will be submitted toward national and international peer-reviewed exhibitions and toward future solo exhibitions. Additionally, Mr. O'Malley will visit academic institutions in Amsterdam, Holland; Riga Latvia; Tallin and Pärnu, Estonia; and possibly Clermont-Ferrand, France, traveling with an extensive collection of small works from students and peers around the United States providing lectures and demonstrations on contemporary American printmaking. The techniques learned at the Frans Masereel Centrum residency will be passed on to A&M-Corpus Christi students, as stone lithography is a largely covered segment of Mr. O'Malley's printmaking curriculum. |
| COLLEGE OF SCIENCE AND ENGINEERING | | | |
| Jose Guardiola
Associate
Professor
Department of
Mathematics and
Statistics | 13 | Fall 2018 | Leave will be spent internationally at Universidad Carlos III de Madrid in Spain (UC3M) to work with colleagues to develop a new probability distribution in directional statistics with wide applicability in text mining and gene expressions. Dr. Guardiola received an invitation from the institution to work on this topic and has been recommended from peer review (1 st phase) to receive a Fulbright award for this work as well. The main goals for this leave are to (a) develop the new probability distribution; (b) develop ties with researchers at UC3M; and (c) submit a publication to a JCR-indexed journal in the field of statistics and probability. The partnership between A&M-Corpus Christi and UC3M will be strengthened as a result of this collaboration and can be expanded later to include more faculty and students. As a hispanic serving institution, it is important for A&M-Corpus Christi to establish ties with countries linked to Hispanic history and culture. |

“Sid Kyle Memorial Endowment in Arid and Semi-Arid Land Studies”***

1. The current quasi-endowment account will be transferred to the System Offices to be managed by the Chancellor for the benefit of Texas A&M University.
2. To ensure the most effective transition of funding from the current quasi-endowment account, funds will be liquidated (as needed) based on a schedule recommended by the Chief Investment Officer and Treasurer and approved by the Chancellor.
3. Future lease, royalty, and other revenue (including any liquidated assets) generated by the Sid Kyle Estate properties will be deposited into the Sid Kyle Income Account. This funding will also be allocated by the Chancellor to support and advance the strategic interests of Texas A&M University.
4. When allocating funds to support the strategic interests of Texas A&M University, the Chancellor will give special attention to research programs that involve innovation and highly impactful research collaboration between and among the System research and extension agencies and Texas A&M University.
5. To ensure continuation of the important programs focused on arid and semi-arid land studies, at least \$700,000 per year will be allocated by the Chancellor to the Department of Ecosystem Science and Management in the College of Agriculture and Life Sciences, for the next five years beginning with FY19.
6. Prior to the expiration of five year period just specified, the Chancellor will evaluate the quality and impact of the arid and semi-arid land studies program to determine whether funding should be continued, and the appropriate level of continued funding support from the Sid Kyle Income Account based on the quality and impact assessment.
